AUSTRALIAN JOURNAL OF ZOOLOGY

A medium for the publication of the results of original scientific research in all branches of zoology. Papers that are of general interest to biologists are also published in the Australian Journal of Biological Sciences.

Published by the Commonwealth Scientific and Industrial Research Organization. Issued as material becomes available, $A1 per issue.

BOARD OF STANDARDS

The Board of Standards for this Journal is appointed by the Commonwealth Scientific and Industrial Research Organization and the Australian Academy of Science and consists of Professor N. S. Bayliss (Chairman), Mr. A. E. Scott (Editor-in-Chief), Professor C. W. Emmens, Professor G. H. Satchell, Professor R. Street, and Professor J. S. Turner.

ADVISORY COMMITTEE

Acceptance of papers for this Journal is in the hands of an Advisory Committee appointed by the Board of Standards and consisting of Mr. A. E. Scott (Editor-in-Chief and Chairman), Professor L. C. Birch, Professor A. M. Clark, Dr. K. H. L. Key, and Dr. W. D. L. Ride.

All enquiries and manuscripts should be forwarded to:

The Editor-in-Chief,
Editorial and Publications Section, CSIRO,
Sixth Floor,
372 Albert Street,
East Melbourne, Victoria 3002

CONTENTS

Number 1, February 1967

PAGE

Mating behaviour in the leopard seal, *Hydrurga leptonyx* (Mammalia: Phocidae), in captivity. By B. J. Marlow 1

Studies on marsupial nutrition. V. The nitrogen requirements of the euro, *Macropus robustus*. By G. D. Brown and A. R. Main 7

Population dynamics of the quokka, *Setonix brachyurus*, on the West End of Rottnest I., Western Australia. I. Habitat and distribution of the quokka. By W. N. Holsworth 29

Larval development and segment formation in the branchiopod crustaceans *Limnadia stanleyana* King (Conchostraca) and *Artemia salina* (L.) (Anostraca). By D. T. Anderson 47

A hymenopterous primary parasite of morabine grasshoppers. By R. E. Blackith 93

The freshwater crayfish of Western Australia (Decapoda: Parastacidae). By E. F. Riek 103

A review of the Australian species of the genus *Ligyra* Newman (*Hyperalonia* olim) (Bombyliidae: Diptera). By S. J. Paramonov 123

Australian Hymenoptera Chalcidoidea family Eulophidae, subfamily Elasminae. By E. F. Riek 145

Marine Serpulidae (Annelida: Polychaeta) of eastern Queensland and New South Wales. By Dale Straughan 201

Number 2, March 1967

Cytogenetics of the *viatica* group of morabine grasshoppers. I. The "coastal" species. By M. J. D. White, R. E. Blackith, R. M. Blackith, and J. Cheney 263

The ecology of a natural population of the Queensland fruit fly, *Dacus tryoni*. I. The parameters of the pupal and adult populations during a single season. By M. A. Bateman and F. J. Sonleitner 303

NUMBER 2, MARCH 1967 (*Continued*)

PAGE

Structures of unknown, possibly stridulatory, function on the wings and body of Neuroptera; with an appendix on other endopterygote orders. By E. F. Riek 337

The skin and hair of the southern elephant seal, *Mirounga leonina* (L.). II. Prenatal and early post-natal development and moulting. By J. K. Ling and C. D. B. Thomas 349

Studies in Australian Amphibia. II. Taxonomy, ecology, and evolution of the genus *Heleioporus* Gray (Anura: Leptodactylidae). By A. K. Lee .. 367

NUMBER 3, MAY 1967

The reproductive system and embryonic diapause in the female grey kangaroo, *Macropus giganteus*. By Meredith J. Clark and W. E. Poole 441

The use of sterile males to control populations of Queensland fruit fly, *Dacus tryoni* (Frogg.) (Diptera: Tephritidae). I. Methods of mass-rearing, transporting, irradiating, and releasing sterile flies. By J. Monro and A. W. Osborn 461

The use of sterile males to control populations of Queensland fruit fly, *Dacus tryoni* (Frogg.) (Diptera: Tephritidae). II. Field experiments in New South Wales. By H. G. Andrewartha, J. Monro, and N. L. Richardson 475

Reproductive isolation between two closely related species of the Queensland fruit fly, *Dacus tryoni* (Frogg.) and *D. neohumeralis* Hardy (Diptera: Tephritidae). I. Variation in humeral callus pattern and the occurrence of intermediate colour forms in the wild. By H. Wolda 501

Reproductive isolation between two closely related species of the Queensland fruit fly, *Dacus tryoni* (Frogg.) and *D. neohumeralis* Hardy (Diptera: Tephritidae). II. Genetic variation in humeral callus pattern in each species as compared with laboratory-bred hybrids. By H. Wolda .. 515

Inter-racial mating of a non-diapausing and a diapausing race of *Teleogryllus commodus* (Walk.) (Orthoptera: Gryllidae). By T. W. Hogan 541

A comparative study of larval embryogenesis in the mosquito *Culex fatigans* Wiedemann (Diptera: Culicidae) and the sheep-fly *Lucilia sericata* Meigen (Diptera: Calliphoridae). I. Description of embryonic development. By Catherine W. C. Davis 547

NUMBER 3, MAY 1967 (*Continued*)

PAGE

The distribution of *Velacumantus australis* (Gastropoda: Potamididae). By W. H. Ewers 581

Australian Blattidae (Blattodea). VI. Revision of the genus *Cosmozosteria* Stål. By M. Josephine Mackerras 593

Studies on Australian Muscidae (Diptera). I. Some species of *Dichaetomyia* Malloch. By A. C. Pont 619

Comparative morphology of the male Australian Nepidae (Hemiptera: Heteroptera). By I. Lansbury 641

Revision of some Carybdeidae (Scyphozoa: Cubomedusae), including a description of the jellyfish responsible for the "Irukandji Syndrome". By R. V. Southcott 651

NUMBER 4, AUGUST 1967

Pregnancy in the lactating pigmy possum, *Cercartetus concinnus*. By Meredith J. Clark 673

The distribution and fate of adventitious cartilage in the skull of the eastern rosella, *Platycercus eximius* (Aves: Psittaciformes). By B. K. Hall .. 685

The functional anatomy of the digestive tract of a shrimp *Metapenaeus bennettae* Racek & Dall (Crustacea: Decapoda: Penaeidae). By W. Dall.. .. 699

Studies on the ectoparasites of seals and penguins. III. The distribution of the tick *Ixodes uriae* White and the flea *Parapsyllus magellanicus heardi* de Meillon on Macquarie Island. By M. D. Murray and W. J. M. Vestjens 715

Selection pressures and polymorphism in *Velacumantus australis* (Quoy & Gaimard). By W. H. Ewers 727

The life history of *Cooperia pectinata* Ransom. By R. K. Keith 739

A tachinid parasite of Australian grasshoppers. By R. E. Blackith 745

Mite parasites of small mammals from scrub typhus foci in Australia. By R. Domrow 759

A population study of *Phaulacridium vittatum* Sjöst. (Acrididae). By D. P. Clark 799

Number 5, October 1967

PAGE

Phylogenetic trends and speciation among wombats. By N. G. Stephenson .. 873

Ultrastructural studies on spermatids and Sertoli cells during early spermiogenesis in the bandicoot *Perameles nasuta* Geoffroy (Marsupialia). By C. S. Sapsford, Clare A. Rae, and K. W. Cleland 881

Abnormalities of the muscular anatomy in the shoulder region of paralysed chick embryos. By G. E. Sullivan 911

The structure of the spiracles of the cattle tick, *Boophilus microplus*. By H. E. Hinton 941

Structure and ecdysial process of the larval spiracles of the Scarabaeoidea, with special reference to those of *Lepidoderma*. By H. E. Hinton .. 947

On the spiracles of the larvae of the suborder Myxophaga (Coleoptera). By H. E. Hinton 955

The anatomy and physiology of the morabine grasshoppers. III. Muscles, nerves, tracheae, and genitalia. By R. E. Blackith and Ruth M. Blackith 961

The Tasmanian freshwater crayfish genus *Parastacoides* (Decapoda: Parastacidae). By E. F. Riek 999

Systematics, phylogeny, and zoogeography of the lizard genus *Diplodactylus* Gray (Gekkonidae). By A. G. Kluge 1007

Number 6, November 1967

An ultrastructural study of early development of vibrissae in normal and X-irradiated embryo mice. By C. M. Jacobson 1109

The comparative ecology of two closely related, sympatric species of *Dacus* (Diptera) in Queensland. By G. W. Gibbs 1123

Adaptations to temperature in geographic races of the Queensland fruit fly, *Dacus* (*Strumeta*) *tryoni*. By M. A. Bateman 1141

NUMBER 6, NOVEMBER 1967 (*Continued*)

PAGE

Geographic variation in the snail *Velacumantus australis* (Gastropoda: Potamididae). By W. H. Ewers 1163

The ecology of *Sminthurus viridis* (L.) (Collembola). I. Processes influencing numbers in pastures in Western Australia. By M. M. H. Wallace .. 1173

Australian Blattidae (Blattodea). VII. The *Platyzosteria* group; general remarks and revision of the subgenera *Platyzosteria* Brunner and *Leptozosteria* Tepper. By M. Josephine Mackerras 1207

A survey of the scutacarid (Acari: Tarsonemini) fauna of Australia. By S. Mahunka 1299

Index to Volume 15 1325
